

PNSO RESEARCH REVIEW & RECOMMENDATIONS (R3) COMMITTEE

David Strider, Committee Chair

AGENDA & MINUTES: 4/23/2014

Meeting time: 1:00-2:00

Topic Pre-work (if any) Presenter Time	Purpose/Goals	Discussion	Follow up & responsible person
Opening Business	Minutes approval	Minutes of March 26 EBP meeting reviewed and approved.	
Inservices to departments (Barb Trotter)	Team pacing ourselves through reviewing EBP techniques with all units/clinics.	Barb Trotter updated group on in-services to other Depts, which included Emily Couric Cancer Center, 6-West, Operating Room. Upcoming in-service in Heart/ Vasc Clinic, on May 27th, by Kelly Near. David to do In-service for 4W, and Pam Dennison to do in-service for 4E nursing team.	Inservicing all departments on incorporating literature/EBP proceeding.
PIV Site Rotation; other IV practice topics (David Strider)	Apply latest INS standards and literature findings to improve UVA IV practice.	<p>There was extensive discussion on the pros and cons of extending the duration of peripheral IV lines in adults. David introduced the motion,</p> <p>“ The replacement of PIV sites in adult patients will be change from “every 72 – 96 hours” to “replacement only when clinically indicated”. Such clinical indications will include but are not limited to erythema around the site, difficult flushing of the site, pain at the site, edema / infiltration at the site, and/ or drainage of fluid from the IV site.”</p> <p>Discussion acknowledged the randomized control trials that supported the above practice. The EBP committee acknowledged the need for renewed education to staff nurses re: assessment of PIV sites. There was a VOTE, with 12 for, none opposed, and no abstentions. The motion carried.</p>	<p>David and Barb will work with Lisa Letzkus in forwarding the recommendation, based on STRONG Evidence based practice, to the chair of the PNSO Clinical Practice Committee. IV Administration set duration of use will be discussed at the next EBP meeting and a recommendation issued at the May meeting.</p> <p>Kelly Near will ask PNSO /Library to purchase at least three (3) more of the Journal of Infusion Nursing , Vol 34 (suppl), No 1-S.</p>
BSN Student STAR literature-review posters (Lisa Letzkus)	Plan implementation of practice changes identified by these 22 lit reviews requested by Med Ctr clinicians	Lisa and Barb provided updates on the STAR poster presentations. Lisa noted they are loaded in Z drive.	Lisa and Beth will list the STAR and the April 8th EBP topics that may warrant review by the EBP Committee for recommendation to implement into nursing clinical practice.
EBP in the Nurse Residency Program	Review how EBP principles incorporated	An EBP lit review project is a required part of the NRP. Linda shared the list of presentation topics by the	

Exhibit EP14.a

(Linda Peffley-Firer)	into Clinician I / UHC Nurse Residency.	Nurse Residents in the NRP Cohort B, who plan to present on May 7 or June 4th. Linda also shared the new handbook, UHC/ AACN / NRC Handbook for Evidence Based Practice.	
-----------------------	---	--	--

Meeting Bullets to be shared with other staff:

Inservicing on EBP Principles available; easy to incorporate literature review to resolve every day practice questions.
Strong evidence to change PIV Rotation practice in adult population (next step: approval by Clinical Practice Committee)

Meeting Outcomes:

Approved proposed procedure change to only rotate PIV sites in adults when clinically indicated.
